INSIGHT MAT POLICIES AND PROCEDURES

RECORDS MANAGEMENT POLICY

This policy pertains to all employees and, as appropriate, Governors, Trustees, Members, contractors, visitors and volunteers connected to Insight Multi-Academy Trust (IMAT).

1. Introduction

1.1 The Records Management Policy is part of the Trust's suite of Information Security Policies and must be read in conjunction with the **Information Security Policy** and its constituent Policies listed below:

- Acceptable Use Policy
- Data Protection Policy
- Freedom of Information Policy
- Staff Code of Conduct
- Safeguarding Policy
- Student Code of Conduct
- Complaints Policy
- E-safety Policy

2. Aim

- 2.1 The Trust recognises that, by efficiently managing its records, it will be able to comply with its legal and regulatory obligations and to contribute to the effective overall management of the institution.
- 2.2 Records provide evidence for protecting the legal rights and interests of the Trust and its academies, and provide evidence for demonstrating performance and accountability.

3. Key Elements

Scope

- 3.1 This policy applies to all records created, received or maintained by permanent and temporary staff of the Trust in the course of carrying out its functions.
- 3.2 Records are defined as all those documents which facilitate the business carried out by the Trust and which are thereafter retained (for a set period) to provide evidence of its transactions or activities. These records may be created, received or maintained in hard copy or electronic format, e.g. paper documents, scanned documents, e-mails which document business activities and decisions, audio and video recording, text messages, notes of telephone and Teams conversations, spreadsheets, MS word documents and presentations.

INSIGHT MAT POLICIES AND PROCEDURES

Responsibilities

- 3.3 The Trust has a statutory responsibility to maintain the records and record keeping systems in accordance with the regulatory environment specific to the Trust.
- 3.4 The person responsible for day-to-day operational management in the academy will give guidance on good records management practice and will promote compliance with this policy so that information will be retrieved easily, appropriately and in a timely way. They will also monitor compliance with this policy by surveying at least annually to check if records are stored securely and can be accessed appropriately.
- 3.5 The Trust will manage and document its records disposal process in line with the Records Retention Schedule. This will help to ensure that FOI requests can be met and requests for personal data under data protection legislation (subject access requests) can be responded to.
- 3.6 Individual staff and employees must ensure, with respect to records for which they are responsible, that they:
- Manage the Academy's records consistently, in accordance with the Trust policies and procedures
 - Properly document their actions and decisions
 - Hold personal information securely
 - Only share personal information appropriately and do not disclose it to any unauthorised 3rd party
 - Dispose of records securely, in accordance with the Trust Records Retention Schedule

Paper Based Records

- 3.7 Paper based records that are used frequently should be stored near to users work areas ensuring that it is not at risk from physical damage.
- 3.8 Users must ensure that appropriate security measures are in place to protect the records e.g. locking personal or sensitive information away when not in use.
- 3.9 Users should adopt an indexing system to make it easy for other users to find the information they need and ensure that colleagues are trained in the system.
- 3.10 Users must regularly review the records they hold and dispose of them in line with the Retention Guidelines (Section 3.20).
- 3.11 Paper based records that are not required frequently but need to be retained should be archived in boxes clearly marked with the contents and the destruction date and logged.
- 3.12 Paper based records that need to be kept permanently should be passed to the Leadership Group for permanent storage.
- 3.13 Records that are no longer required for operational or statutory reasons should be reviewed by a responsible officer (designated by the Headteacher) before they are destroyed or sent for permanent storage.

INSIGHT MAT POLICIES AND PROCEDURES

- 3.14 The most appropriate way to destroy records will depend on the information they contain. If they are confidential or contain personal or sensitive information the records should be shredded. The academy Business Manager will provide advice as required and should be consulted if large amounts of confidential waste require destruction.

Electronic Records

- 3.15 Electronic records used frequently (e.g. pupil records) must be stored in approved databases. Users must ensure that the data is secure and accessible for as long as it is needed.
- 3.16 All electronic communications, whilst they are held, are disclosable under the Freedom of Information (FOI) and Data Protection legislation. Employees must be aware that anything written in an e-mail, and instant message, a text, or on a message board could potentially be made public. Electronic communications are very easy to copy and transmit and, although the original sender may have deleted their copy, the recipients may not. Because of this, they can form part of the Trust's records and expose the Trust to risk if used inappropriately.
- 3.17 Electronic records not kept in databases but shared with others must be kept in the respective folders on onsite shared drives such as **T: drive** (Curriculum Staff Share) or **S: drive** (Admin Share), and on-cloud storage on respective **Staff SharePoint sites** (Office365). Appropriate security for folders in the shared drives is implemented by the Network Manager. Back up takes place daily for **onsite shared drives** to ensure that data can be recovered if necessary, and **SharePoint** (Office 365) data is retained for 93 days from the time of deletion.
- 3.18 Electronic records that do not need to be shared are held onsite on **N: drive**. Back up takes place daily to ensure that data can be recovered if necessary. OneDrive data for each user is retained for 93 days from the time of deletion.
- 3.19 Documents and files that are linked to the website are stored and managed centrally.

Retention Schedule

- 3.20 The Retention Schedule (Appendix 1) lays down the length of time a record needs to be retained (paper or electronic), and the actions to be taken when it is of no further administrative use. Destruction of records can be undertaken by third parties contracted for those purposes, provided that it is compliant with GDPR, UK Data Protection Act 2018.
- 3.21 The retention schedule is from the information management toolkit for academies, created by the Information and Records Management Society.
- 3.22 Some of the retention periods are governed by statute and others are recommended best practice. The retention periods are compliant with the requirements of the UK Data Protection Act 2018 and the Freedom of Information Act 2000. If record series are to be kept for longer or shorter periods than those laid out below, the reasons for this need to be documented.
- 3.23 The retention schedule is divided into 8 sections:

INSIGHT MAT POLICIES AND PROCEDURES

- Governance, Funding and Financial Management of the Trust
- Human Resources
- Management of the Academy
- Property Management
- Pupil Management
- Curriculum Management
- Extra-Curricular Activities
- Central Government and Local Authority

3.24 If in doubt about how to manage a record please refer to the IRMS Information Management Toolkit for Academies.

Policy Breaches

3.25 All Trust users of information and data have a responsibility to notify breaches of this policy using the Data Breach/Incident Reporting Form (Appendix 2 of the Data Protection Policy).

3.26 Any serious breaches of this policy will be dealt with through the Trust or Academy disciplinary procedure.

4. Monitoring and Evaluation

4.1 The IMAT Board will formally review this policy biennially or more frequently if circumstances or legislation suggest it is appropriate.
